

Refrigeration Mechanic

City Brewing Company, a leading contract manufacturer in the beverage industry, has an immediate opening for a Refrigeration Mechanic at our La Crosse, WI facility. This position is responsible for the maintenance of, rebuilding control group components of and troubleshooting of refrigeration components, ventilation and air conditioning, and process cooling equipment with an emphasis on ammonia refrigeration. Process cooling equipment includes evaporators, tube and shell and plate and frame heat exchangers (glycol chillers, batching coolers), liquid ammonia transfer pumps, purging system, pump-out system, condensers and glycol cooling system.

Responsibilities include but are not limited to:

- Perform daily mechanical integrity checks on systems and input data through CMMS system
- Maintain daily log of all work completed on systems and enter into CMMS system
- Troubleshoot and perform maintenance on refrigeration systems/equipment to ensure safe and efficient operation
- Is involved with the Management of Change (MOC) process involving any of the refrigeration systems and components
- Assist in writing and reviewing SOP's for safe operation and maintenance of refrigeration system and components
- Required involvement in Emergency Response Team

Qualified candidate will have a degree in HVAC or equivalent from a technical school or college, or minimum 3 years' experience working with ammonia refrigeration systems and components. Applicant must be able to work well with others in a team environment and possess excellent problem solving and communication skills. Must be able to climb ladders, lift up to 50 lbs and demonstrate strong mechanical skills. The ability to work overtime is required.

City Brewing Company provides a competitive salary and benefit package that includes: Health, Life, Dental and Long Term Disability Insurance; Section 125; 401(k); and more. If you are interested in joining our team, send your resume, including salary requirements, to:
